CAREER OBJECTIVE

Motivated Computer Science and Technology student pursuing B.Tech at MITS, with a strong interest in full stack web development. Familiar with the MERN stack, Java, data structures and algorithms, and database technologies. Looking for a software or web development internship where I can apply my technical knowledge, contribute to real-world projects, and continue improving my problem-solving and development skills.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Technology (CST)

MITS | 2nd Year | Current CGPA: 7.71

Diploma in Computer Science Engineering

Government Polytechnic College, Harda | RGPV University | 2023–2026

TECHNICAL SKILLS

Programming: Java

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js

Frameworks & Stack: MERN Stack, Bootstrap, Tailwind CSS

Databases: MongoDB, MySQL

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming

Tools: Git, GitHub, VS Code

PROJECTS

1. College Management System

Developed a college management system concept focused on organizing academic and administrative activities through role-based access for students, teachers, and administrators. The project uses web development and database concepts to support a structured digital college experience.

2. Image Compression and Visualization

Worked on an image compression and visualization project aimed at reducing image size while presenting the output in a clear and understandable way. The project focuses on practical image processing concepts and user-friendly visualization.

CERTIFICATIONS

- Java Certificate
- Web Development Certificate

STRENGTHS

- Problem-solving mindset
- Regular coding practice and preparation
- Willingness to learn new technologies
- Interest in practical project development

LANGUAGES

Hindi, English
